Super Bowl a magnet for human traffickers

“In 2014 Nearly 200 arrests for sex trafficking and related crimes have been made in New York in operations leading up to Sunday's Super Bowl”

What's happening in 2026?

**Super Bowl anti-human trafficking operations lead to 73 rescued,
29 arrested in Bay Area**

“The Super Bowl is one of the biggest human trafficking events in the United States” (Texas Attorney General- Greg Abbott).

What's the human-trafficking?

Human trafficking is modern-day slavery and fastest-growing criminal industry in the world; it is the “**recruitment, transportation, harboring, or taking of people by means of threat, force, coercion, abduction, fraud, or deception for the purpose of exploiting them.**”

Under U.S. federal law

Sex trafficking is the recruitment...or obtaining of a person for **the purposes of a commercial sex act, in which the commercial sex act is induced by **force, fraud, or coercion**, or in which the person induced to perform such an act has not attained 18 years of age (22 USC § 7102; 8 CFR § 214.11(a)).**

Every year, more than 100,000-250,000 American children are **at risk** for trafficking into the sex industry.

<https://www.washingtonpost.com/news/fact-checker/wp/2015/09/02/the-fishy-claim-that-100000-children-in-the-united-states-are-in-the-sex-trade/>

Facts

- The State Department has estimated that 27 million people worldwide are victims of modern slavery.
- The Council of Europe states, "People trafficking has reached epidemic proportions over the past decade, with a **global market** of about \$42.5 billion."
- <https://ww3.lawschool.cornell.edu/research/ILJ/upload/Hendrix.pdf>

Facts cont.

Recruitment countries- where victims are manipulated or forced into trafficking

Destination countries- where victims are sent to work in the sex trade

Bidirectional countries- where victims are both recruited and working

In the United States there are recruitment cities, destination cities, and bidirectional cities (Williamson & Prior, 2009)

Smaller cities in the Midwest → recruitment area

Bidirectional cities → Chicago, Detroit, Las Vegas

Factors facilitating sex trafficking

#1

***A lack of awareness in the public* exacerbates inaction on the part of authorities.**

Factors facilitating sex trafficking cont.

#2

“It is a story typical of so many girls arrested for prostitution. They are treated as **criminals**, not **victims**. This view explains why there are so few safe- haven programs for girls trafficked -- or why not even one cent of federal funding for trafficked victims under the **Trafficking Victims Protection Act** goes to domestic victims.”

Super Bowl & Sex-Trafficking

Super Bowl raises sex-trafficking concerns

The 2010 Super Bowl **brought** an estimated **10,000** prostitutes to Miami.

In 2011, it resulted in **133** prostitution **arrests** in Dallas.

Super Bowl raises sex-trafficking concerns cont.

Nearly 500 human trafficking-related arrests made in Southern California during Super Bowl week

Human-trafficking prevention task force

In 2009, the legislature created the Texas Human Trafficking Prevention Task Force housed under the office of Attorney General.

“The involvement of the attorney general and law enforcement is far greater than anything we’ve seen before” (Malika Saada Saar, the executive director of the Rebecca Project for Human Rights, an anti-trafficking NGO).

Human-trafficking prevention task force cont.

(XLVI)-Indiana Senate passed human trafficking law in time for 2012 Super Bowl.

(XLVII)-Louisiana has had its own federally supported human trafficking task force since 2006.

(XLVIII)- In late 2012, New Jersey established a task force, and authorities have conducted training for a large number of police, students, and employees.

Human-trafficking prevention campaign

A prevention campaign developed by a local anti-trafficking organization Traffick911

The campaign offers free posters, banners, and informational cards aimed at preventing the victimization of children.

All these materials have been offered to the Super Bowl host committee.

But, they refused to lift a finger to distribute them and help kids in the Dallas area.

NFL, Super Bowl Hosts Ignore Trafficking Survivor's Request for Help.

-An open letter to the NFL and Super Bowl Host Committee-

"I'll never forget my first trip to Dallas/Fort Worth several years ago. It was 2006 when I was dragged there against my will by a pimp. I was forced to dance, strip and sell sex (along with five other young girls) for over a month while he pocketed the cash (\$1,000-\$3,000/night from each girl) and planned our next gig. I was trapped in a life I never wanted without any hope of escape."

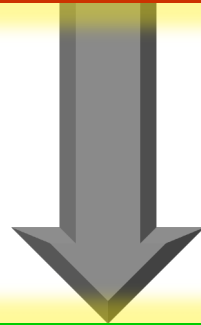

Does the NFL and Super Bowl Host Committee have an obligation/liability to protect the children or women who were trafficked to the San Francisco Bay Area for the Super Bowl 60?

Sports and Human Trafficking

What is a problem of the mega sporting events in terms of the sex-trafficking?

Mega sporting events boost 'illegal sex trades.'

The Super Bowl probably has a demand effect surrounding mega-events, often sports related, worldwide.
